HOUSE POINTS

Totals up to Friday 5th February.

Squirrels 1123
Badgers 1112
Hedgehogs 983
Foxes 934

I have been desperate to share the wonderful news with you that Mrs Fearon had a baby girl. Freya was born on Sunday 7th February at 11:25am weighing 7lb 14oz. Mum and baby are both radiant and doing very well.

Reception have been learning about Chinese New Year this week. Many of the children enjoyed creating a dragon with Mrs Bailey during Mondays live session. The children have also been measuring Chinese dragons and learning about ordinal numbers in Maths. Year 1 has had another fantastic week on poetry. They have performed a tongue twister of their choice, which Miss Rees compiled into two videos for the children to watch. They then composed a poem of people doing activities on every day of the week. They have learnt to compare and order numbers within 50, with several children choosing to make their own maths games or do further challenges. Year 2 have had a busy week writing their own stories. They have been incredible to read, and they have used some fantastic descriptions. In Maths they have been drawing their own pictograms and creating their own keys. In science Year 2 have been very active investigating how exercise affects their body, they have completed some amazing activities, but some did feel very tired after. They have created some amazing flip books in art this week and have impressed us with their random acts of kindness. They also enjoyed some fun live sessions, playing Bingo and completing a science activity.

It has been so wonderful to see all the work that is being done at home. You (parents & staff) have all been amazing. We have made it to half term! Have a well-deserved break from home-schooling and enjoy some quality family time. Take care!
