- ♦ **Fergus**, for helping his friend after she fell off the bike.
From Mrs Streete

July

6th: Narayan

It has been a busy week! I hope you have all received your child's end of year report. This year we have sent an electronic copy in addition to the paper copy, which some of you may not receive until next week.

This week Reception has been learning all about time. The children have explored clocks, egg timers and stopwatches in the classroom and challenged each other to do as many jumps, hops, skips etc as they could before the timers ran out. They also made their very own clocks, which they used to make the various times from the story of 'The Bad Tempered Ladybird'. This week Year 1 were very excited to harvest the potatoes that Mrs Streete has very carefully tended during their absence. They had many good sized potatoes and lots of mini ones that were sliced into crisps and chips and feasted on after the "sports day" afternoons. They really were delicious! They were also very excited to learn about telling the time as "o'clock" and "half past", representing these times on their class clocks. At home they have been learning about the differences between town and countryside, and are beginning to think about the move up to Year 2. Year 2 have had such a nice week and it has been so wonderful to have them back. They have enjoyed each other's company and kept busy with transition and end of year activities. The highlight of the week was our 'split' Sports Day which we enjoyed on Tuesday afternoon and Friday afternoon. Click [here](#) to see the photos of our Sports Days on our website.

Have a wonderful weekend.
Take care and keep well.
