## HOUSE POINTS

Totals up to Friday 15<sup>th</sup> January.

Foxes 369  
Badgers 461  
Squirrels 444  
Hedgehogs 390

It has been such a busy week with lots of excellent home learning. This week Reception have been learning all about winter. The children were set the task of going on a winter hunt and they have worked hard to record what they found with photographs, drawings and labels. It has been lovely to see lots of children enjoying our weekly challenges and this week we have been particularly impressed by the amazing snowman artwork. Year 1 have had a great week writing their very own chicken licken books. In maths they have finished learning all about addition and subtraction to 20. They have worked very hard and have even taken part in a mini assessment. They also enjoyed a science experiment observing ice. Year 2 have been listening and reading a new story all about an engineer called Rosie Revere. They have also had a go at being inventors themselves by reading, following and even writing their own instructions. They have been learning some tricky maths this week: division. But with a little help from their times tables they will soon become experts. They have also been working hard practicing new skills with many succeeding, from learning the macarena to tying shoe laces. Year 2 are a very talented bunch!

The introduction of Microsoft Teams this week has been successful, so next week all remote learning and our first face-to-face sessions will be on Microsoft Teams. We also introduced our new online library system today. No more usernames and passwords after this, I promise 😊. I do hope you enjoy browsing for books with your child.

Have a wonderful weekend!

- ♦ 16<sup>th</sup>: Oliver
- ♦ 17<sup>th</sup>: Beth

## THE WEEK IN PICTURES

Snowman Collage

Ice cube experiment

Making shortbread
