

Thursday 18th September - Thursday 4th December

A unique after school club, offering up to 15 children the opportunity to get mucky, try a variety of techniques and enjoy the therapeutic calm of creating art in clay. Models are made using stoneware clay. The firing process takes two weeks. Pots are fired once before decorating, glazed and fired again. Then they are ready to take home. Mucky pups make truly magical art in clay that you can treasure forever.

I look forward to seeing your Mucky Pup!

Mrs Sutton
