From Mrs Emmett

March

22nd: Lily

It is hard to believe it is only a week ago since we went to the RDA. We had such a wonderful time there. And here we are, one week later saying goodbye for some weeks.

It has been business as normal for the children this week, working hard in all their lessons. At the start of the week we held an assembly about the coronavirus to reassure the children and answer some of their questions. The Reception children have been learning and practicing their number bonds to 10. Year 1 and 2 have been writing their own super hero comic strip. All children have also made a wonderful Mother's Day card to be opened on Sunday.

Today was a special day. We told the children that the Easter Bunny had made a special (early) visit, because our children are so kind and helpful, listen to the teacher and do their best, look after property, are honest and are polite and well-mannered. The Easter eggs were hidden on the playground and the field and we had fun finding our own egg and helping others. This afternoon we got the laptops out and reminded the children how to login to some of our subscription websites and gave them some time to look at some of the resources available.

It has been an incredibly busy and emotional week for staff, continuing to teach the children as well as preparing for the closure of the school. We have set up Google Classroom to support the learning for Year 1 and Year 2. I expect there will be some teething problems as we start using it so please bear with us. It has been hectic getting everything ready and we would like to thank Mrs Matthews for her help these last 2 days. Thank you all for your support in these uncertain times. Keep well!

Mrs Tawana**

THANK YOU!

Your gesture at the end of the school day has quite simply been completely overwhelming for us all. We will miss the children and can't wait to welcome them back. In the meantime, please keep safe and look after yourself and your family.
All our love and best wishes for you all.
