

Lego Club

Thursday 3pm -4pm

4 - 7yrs

Lego Club includes open ended play with structured challenges to suit all age ranges. We celebrate creativity, engineering (with practical application eg bridge building to support weight) imagination and story telling. We have solo, pairs and group work. The children can share their ideas and plans, and can play collaboratively or in competition. We build themes into their work with a nod to events such as Christmas and Halloween. Pictures are taken of the work so we can reuse the pieces for the following sessions.

Dates:

- Thursday 6th November
- Thursday 13th November
- Thursday 20th November
- Thursday 27th November
- Thursday 4th December
